This blog explores what the [Navadurga Homam 2025](#) entails, its benefits, ritual outline, and how you can meaningfully participate.

What is Navadurga & Why Worship Her in Navaratri?

The term **Navadurga** refers to the nine manifestations of Goddess Durga (Shailaputri, Brahmacharini, Chandraghanta, Kushmanda, Skandamata, Katyayani, Kalaratri, Mahagauri, and Siddhidatri) worshipped across the nine days of Navaratri.

Navaratri (literally “nine nights”) is observed to honor the cosmic feminine energy (Shakti) and to revere Durga’s victory over the demon Mahishasura — symbolizing the spiritual triumph of righteousness over evil.

During Navaratri, each day is dedicated to one form of the Goddess. Devotees fast, chant her mantras, perform puja, meditate, and sometimes engage in sacred fire rituals or **homams**. The **Navadurga Homam** is one such profound ritual, structured over nine days, each day linking with one form of the Goddess.

What Is Navadurga Homam?

A **homam** (or **homa**) is a Vedic fire ritual in which offerings (ghee, herbs, seeds, grains) are ritually offered into the sacred fire (Agni) while chanting mantras to invoke divine presence. In a [Navadurga](#)

[Homam](#), the fire ritual is conducted in a way that touches every one of the nine forms of the Goddess, over the nine days of Navaratri.

It is also sometimes called *Chandi Homa* or *Chandika Homam* when the ritual aligns with the recitation of the Durga Saptashati or Chandi path.

In essence, performing the **Navadurga Homam** is a cosmic **yagya** (sacred fire offering) to remove negativity, foster inner strength, and invite the blessings of the Goddess in a holistic way.

1. Ghatasthapana / Avahana (Day 1)

On the first day, the priests invoke the deity, sanctify the **havan kund** (fire altar), and set up the sacred fire.

Ghatasthapana (installing a kalasha pot) or **Avahana** (invoking the Goddess) marks the sacred beginning.

2. Daily Homam & Mantra Chanting

- Each day corresponds to one form of **Navadurga**.

- Offerings such as ghee, clarified butter, herbs, seeds, rice, and camphor are chanted along with the relevant **Devi mantras**.
- Recitation of the **Durga Saptashati** or the portion associated with that form often accompanies the ritual.

3. Arati, Bhoga & Prasad

- After the homam, **aarti** is performed. Devotional hymns or chants are sung.
- **Bhoga** (vegetarian offerings) is offered, then distributed to participants as **prasad**.

4. Yantra & Beej Mantra Rituals

- Sometimes a **yantra** (sacred diagram) is energized with beej (seed) mantras.
- The yantra becomes a tangible focal point for devotion and protection.

5. Kanya Puja / Kumari Puja (Day 8 or 9)

- On the **Ashtami** or **Navami** day, the ritual of **Kanya Puja** (worship of young girls as embodiments of Durga) is typically performed.
- This honors the feminine energy and completes the cycle of worship.

6. Conclusion & Devi Visarjan

- On the final day, the homam closes with concluding mantras and **Visarjan** (symbolic farewell) of the deity's presence.
- Devotees often carry home **ash (vibhuti)** and **kumkum** blessed in the fire.
